Due to the nature of a print publication, some changes were made to abstract information after the 2008 Annual Meeting Proceedings I was published. The following abstracts were withdrawn post-publication and are listed here:

**1044**

Biotynilated trastuzumab immunoreactivity and p95 status identify HER2-amplified advanced breast cancer patients achieving reduced benefit from trastuzumab-based therapy.

First author: F. Montemurro

**3505**

A multi-center phase II study of volociximab in patients with relapsed metastatic melanoma.

First author: G. Linette

**5545**

Low HER3 expression may indicate a novel patient subgroup with poor prognosis but improved overall survival when treated with pertuzumab and gemcitabine for platinum resistant epithelial ovarian cancer (EOC).

First author: L. Amler

Publish-only Abstracts

**11500**

PIK3CA activating mutations and chemotherapy sensitivity in stage II-III breast cancer.

First author: C. Liedtke

**14530**

Sunitinib malate as consolidation therapy in patients (pts) with locally advanced or metastatic non-small cell lung cancer (NSCLC): a phase II study.

First Author R. Gervais

**14638**

Changes in serological biomarkers of cell death during therapy in small cell lung cancer (SCLC) patients receiving platinum-based chemotherapy.

First author: A. P. Greystoke

**22009**

HER2 concordance between central laboratory immunohistochemistry and quantitative reverse transcription polymerase chain reaction in Intergroup Trial E2197.

First author: F. L. Baehner

**22022**

HER2 assessment in a large Kaiser Permanente case-control study: Comparison of fluorescence in situ hybridization (FISH) and quantitative reverse transcription polymerase chain reaction (RT-PCR) performed by central laboratories.

First author: L. A. Habel

**22117**

The ret oncogene—A novel target for therapy in some breast cancers?

First author: G. Thomas

In addition, ASCO has become aware of an error in the printed content of the 2008 Annual Meeting Proceedings I. For abstract 17553, the order of the authors was incorrectly listed. The correct author order is listed below. ASCO regrets the error.
