\* Does not include the impact of the current law CY 2010 negative update. Rows may not sum to total due to rounding

\*\*Note: The law caps the MFS imaging payment amount at the comparable payment amount in the hospital outpatient payment system (OPPS cap). In the absence of the negative current law CY 2010 MFS update, the proposed PE change to the equipment utilization rate for expensive equipment from 50 percent to 90 percent would increase expenditures by approximately 1 percent due to a loss of savings from the OPPS cap.

\*\*\*Does not reflect the BN reduction in payments resulting from the chiropractic demonstration
