

JOURNAL OF CLINICAL ONCOLOGY

Media Policies

- The *JCO* publishes all articles online at www.jco.org ahead of their print publication. This website is the publication of record for all *JCO* studies.
- *JCO* articles are published online every Monday, unless Monday is a holiday, in which case the *JCO* articles publish the next business day.
- The *JCO* embargo lifts at 4:00 PM ET on the online publication date.
- Every Wednesday, the *JCO* distributes an advance listing of articles that will be published online the following week. Contact Nicole Fernandes in ASCO's Communications Department at 571-483-1354 or nicole.fernandes@asco.org to be added to this Publish Ahead of Print Notification list.
- *JCO* articles listed in the weekly Publish Ahead of Print Notifications are available to journalists upon request and on an embargoed basis.
- ASCO highlights select *JCO* studies in an embargoed press release known as the *JCO* News Digest; journalists may obtain embargoed copies of studies highlighted in the News Digest upon request.
- Journalists may conduct embargoed interviews with study authors up to five days prior to the online publication date.
- An embargo violation will typically result in the loss of *JCO* media privileges for a period of one year, and may affect broader ASCO media privileges as well.
- For further information about *JCO*'s embargo policies, please contact Kelly Baldwin in ASCO's Communications Department at 571-483-1365 or kelly.baldwin@asco.org.
