

COVID-19 Clinical Questions Advisory Group

The COVID-19 Clinical Questions Advisory Group:

- Provides advice to ASCO as to topics that should be addressed on ASCO's COVID-19 Resource Page.
- Works with ASCO staff to develop guidance language on topics of interest.
- Assists ASCO staff in locating new sources of evidence and other organization/institutional guidance documents related COVID19 and care for patients with cancer.

The Advisory Group Members are asked to:

- Provide rapid feedback by email to questions and topics from ASCO staff where their expertise is relevant.
- Recommend additional members for the Advisory Group or other experts that could assist ASCO response to COVID-19.
- Review the existing patient care guidance on the ASCO resource page and provide advice and feedback on potential changes and improvements.
- Update their disclosure information on ASCO's disclosure platform to ensure transparency.

Advisory Group Members:

Name	Institution	Specialty	Conflict of Interest Disclosures
Abdul-Rahman Jazieh, MD, MPH	King Abdulaziz Medical City	Thoracic Cancer	COI Disclosures
Angela DeMichele, MD MSCE	University of Pennsylvania	Breast Cancer	COI Disclosures
Anne Chiang, MD, PhD	Yale University School of Medicine	Thoracic Cancer	COI Disclosures
Chee-Chee Stucky, MD	Mayo Clinic	General Surgery	COI Disclosures
