SECURITY AND ATTENDEE CONDUCT

All in person attendees at the 2022 ASCO Annual Meeting must be fully vaccinated against COVID-19. Proof of vaccination will be required to pick up your attendee badge. For more information, please visit ASCO's [Health and Safety](#) page.

All registered attendees, including media, are subject to the [ASCO Event Attendee Conduct Policy](#).

For security reasons, meeting badges:

- Are required for admittance to all events and press facilities
- Must be worn and visible at all times
- Are the sole property of ASCO
- Are non-transferable (may not be shared)

False certification of individuals as Media or paid meeting attendees, misuse of badges, assisting unauthorized persons to gain access to any ASCO meeting or co-sponsored symposia event or materials, or any inappropriate or unauthorized conduct will be just cause for:

- Repossessing badges
- Revoking media credentials of any individuals involved

- Expelling all parties involved from the meeting without obligation for refund of any fees

In addition, individuals who attend or are part of an ASCO meeting or co-sponsored symposia may not engage in any demonstrations or other behavior that ASCO deems to be potentially disruptive to the conduct of the meeting. Violation of this rule is grounds for immediate dismissal from the meeting and/or ineligibility for attendance at future ASCO meetings and co-sponsored symposia.

Any individual dismissed from the meeting may request that ASCO review the matter, provided the individual understands that such dismissal will be effective immediately and will continue until and unless ASCO issues a contrary decision.
