

COVID-19 RESOURCES FOR RESEARCH SITES

The following resources have been compiled to help support oncology researchers in dealing with the COVID-19 outbreak. This is a rapidly evolving situation and these resources will be updated on a regular basis. If you have a resource you would like to share, please email [ASCO Research Community Forum staff](#).

Current as of May 26, 2020. Updates from previous version are highlighted.

RESEARCH RESOURCES AND INFORMATION

The following lists NCI, FDA and other organizations' clinical trial guidance and resources in response to the COVID-19 pandemic, many of which include frequently asked questions.

Regulatory Guidance, Updates, and Information

- **VIRTUAL MEETING:** National Cancer Advisory Board and NCI's Board of Scientific Advisors Joint Meeting which took place April 9, at 1:00 – 2:00 PM, ET ([Presentations available](#))
- [FDA Guidance on Conduct of Clinical Trials of Medical Products during COVID-19 Pandemic](#) (Updated May 14, 2020)
- [NIH Guidance for NIH-funded Clinical Trials and Human Subjects Studies Affected by COVID-19](#) (March 16, 2020)
- [NCI Central IRB \(CIRB\) Information](#)
- [NCI Interim Guidance for Clinical Trial Activities Affected by the Novel Coronavirus](#) (March 13, 2020)
 - See more [DCTC, CTEP, and NCORP guidances](#)

General Research Conduct and Other Resources

- [ASCO "Road to Recovery" Initiative](#) – ASCO will convene 2 workgroups to evaluate how changes in care delivery and research prompted by the pandemic could inform new approaches to delivery of high quality, high value care and cancer research moving forward
- [Recording Available:](#) Clinical Trials Transformation Initiative (CTTI) Webinar on Adaptive Clinical Trials During COVID-19: Solutions for Switching to Remote and Virtual Visits
- [Recording Available:](#) CTTI Webinar on Designing High-Quality COVID-19 Treatment Trials
- [Recording Available:](#) ASCO-ONS Webinar on Clinical Trials during COVID-19
- [Research Community Forum online community](#) – Online discussion forum to connect the research community virtually. Share about challenges and strategies to deal with conducting research during the COVID-19 outbreak.

ASCO COVID-19 SITE SURVEY

ASCO conducted a survey to gain insights into the types of changes and challenges that oncology research programs are experiencing since the COVID-19 outbreak and how sites are adapting their research program in response. [Learn more](#).

ASCO RESOURCES FOR ONCOLOGY PRACTICES

ASCO has recently prepared a [special report](#) intended to assist practices in developing their policies related to triage, screening, diagnostic testing, infection prevention and control, telemedicine, and other aspects of practice operations.

ASCO has compiled more general resources to support oncologists, related to:

- [Patient Care](#)
- [Providers and Practices](#), including the weekly ASCO-ONS webinar series ([register online](#))
- [Government, Reimbursement and Regulatory Updates](#)
- [Information for People with Cancer and Cancer Survivors](#)
- [Ethics and Resource Scarcity During the COVID-19 Pandemic](#)
- [International Oncology Care Providers](#)
