Opportunities for Medical Students and Residents from Underrepresented Populations

Conquer Cancer®, the ASCO Foundation, is working to increase access to quality cancer care for underserved communities by inviting medical students and residents from underrepresented populations in medicine to consider a career in oncology.

We encourage you to pass along this information to individuals who might be interested.

MEDICAL STUDENT ROTATION
Provides financial support for U.S. medical students from underrepresented populations in medicine to complete a clinical or clinical research oncology rotation.

For eligibility criteria and to apply, visit:asco.org/msr

RESIDENT TRAVEL AWARD
Provides financial support for residents from underrepresented populations in medicine to attend the ASCO Annual Meeting where they will have an opportunity to meet oncologists and learn more about career options in oncology.

For eligibility criteria and to apply, visit:asco.org/rta

“The Medical Student Rotation award gave me the opportunity to further explore oncology as a preclinical student. This helped to frame how I studied during the coming year, which was very valuable. The conference helped to further define the path to get there.”
